AT THE CONVENTIONS CENTER OF ORAN

THE 7TH INTERNATIONAL
EXHIBITION OF FISHING AND AQUACULTURE

LETTER OF THE 7TH INTERNATIONAL EXHIBITION OF FISHING AND AQUACULTURE (SIPA'2017)

Under the high patronage of His Excellency the President of the Republic, Mister ABDELAZIZ BOUTEFLIKA, the Algerian Chamber of Fisheries and Aquaculture (CAPA), in partnership with the Mohamed Ben Ahmed Convention Center in Oran, is organizing the seventh International Exhibition of Fishing and Aquaculture (SIPA'2017) from 09th to 12th November 2017 with the slogan:

"FOR SUSTAINABLE AND DIVERSIFIED GROWTH OF THE FISHERIES AND AQUACULTURE ECONOMY"

The International Exhibition of Fishing and Aquaculture (SIPA'2017), is a major economic event in the field of fishing, aquaculture and associated activities. This edition, like the previous editions and since 2003, brings together all the partners of the sector: professionals, investors, banks and research centers, as well as insurance companies and national and international agencies and organizations to discuss and agree on fishing sectors, aquaculture and related activities With a view to coordinating efforts to develop it, to create genuine investment opportunities to contribute to the sustainable development of the national economy and to ensure optimal use of resources.

The SIPA'2017 is part of a sectoral plan to promote investment in fisheries and aquaculture and to accompany the economic changes set out in the new growth model in the program of His Excellency the President of the Republic, to achieve the following objectives:

- The development of large-scale aquaculture.
- Promoting mechanisms for the optimal exploitation of marine resources and ensure their sustainability.
- Accompany productive investment in the fishery and aquaculture sectors.
- Encourage cooperation and partnership operations to develop and diversify the sector's activities.
- The consolidation of participatory management with the various players in the sector.

To this end, the SIPA'2017 represents a privileged space for professionals and economic operators, who wish to develop projects, seize investment opportunities and learn about techniques and new technologies to develop their business.

Finally, the city of Oran represents a significant asset to the success of this fair, due to its geostrategic position and its contribution to the national economy, notably with regard to the development of the fisheries and aquaculture sectors.
